

Stay at Rhodes

4th May 2010, we had to get up very early in the morning because we had to wait for a bus in front of our school at half past one in the morning. The journey to the airport in Prague lasted one hour. Then we had to wait for two hours before the aircraft came. Meanwhile, we had to take care of our suitcases and we bought tickets. When I first flew a plane, I was afraid, but I found it amazing to fly. I was looking out the window at the clouds, I read the newspaper and ate breakfast. Landing was also amazing, but too much whistling in my ears. After landing, we picked up our bags and we went by bus to the hotel Relax. The hotel was very nice. The hotel had a swimming pool with lounge chairs, bar and playground. The reception desk had a plasma TV, computers and the main dining room, where I ate dinner every night, as breakfast and lunch we had at the pool. Everyone could take what he wanted. Our room had a bathroom, a refrigerator and television. The room also had a balcony. We played different games, every morning we were at the pool and in the afternoon we went to the sea. One day at sea there were huge waves, which threw me to the shore. We made two trips, one to the City of Rhodes and the other to Lindos. We stayed in the city of Kolimbya. Every morning we were awakened by peacocks. When the time for departure drew, it saddened me that we were leaving, it was very nice there. I would definitely go back there again.
